

MAY 31-June 3
Week 1

Add-on or Separate Enrichment Classes

Fitness for Kids

This will be a fun class for children of all ages! We will learn how to move our bodies in proper ways in order to develop a healthy outlook on exercise. We will learn how to perform proper movements that are age appropriate and designed to encourage continued practice!

A → (1st-3rd Grade) Tues. - Fri.: 9:30-10:30AM
B → (4th-6th Grade) Tues. - Fri.: 10:40-11:40AM
Cost: \$50 (Min: 5 / max. 15)

Let's Go on an Art Safari

In this class, we travel to Africa to provide a base for all of our art projects. Animals and landscapes of the savanna come to life through various media, including clay, paint and pastels. In addition to the media, we will explore various techniques with the materials, encouraging not only imagination and confidence, but also mastery. Each project is adapted for age and skill level and as children

complete their projects, they have time to explore and create in our fabulous art room. **(PK-5th Grade)** Mon., Tues., Thurs., Fri.; 9:30-10:30AM Cost: \$88 (Min: 4 / max: 15)

Adventures in Minecraft

In this Minecraft class, children will begin by facing challenges including crafting and smelting tools to mine the best ores and designing a campsite before they find themselves lost in the woods. They must then find ways to survive creating everything themselves from scratch using just the Minecraft blocks, their mining and crafting talents and their imaginations and ingenuity. The gathering of resources and development of villages gives children an insight into the various elements of survival, settlement, and exploration.

(1st-4th Grade) Mon., Tues., Thurs., Fri.; 9:30-11:40AM
Cost: \$99 (Min: 6 / max: 12)

June 6-10
Week 2

SWIM LESSONS

SESSION I (two weeks)
See page 5

Add-on or Separate Enrichment Classes

June 13-17
Week 3

Balance Yoga 1

Balance's yoga classes focus on teaching children yoga basics including poses, sequences, and yoga breathing. Each class focuses on building strength, flexibility, coordination, and body-awareness. Relaxation techniques are explored at the end of each class and help to improve children's focus and sense of calm. Children are able to track their progress and accomplishments in yoga through our custom Balance Blueprint program. Yoga mats are provided.

(PK-5th Grade)
Mon., Tues., Thurs., Fri.;
10:40-11:40AM Cost: \$65
(Min: 6 / max.20)

Working with Wood K-2nd

Children LOVE making things with wood and working with real tools. Woodworking for children has many documented benefits educationally such as: eye-hand coordination, problem solving, utilizes math and science skills, creative development, promotes confidence and self-esteem. This workshop will be highly supervised by two certified classroom teachers with many years of experience working with children of all ages.

(K-2nd Grade)
Mon.- Fri. (including Wed.);
10:40-11:40AM
Cost: \$110
(Min: 5 / max. 10)
