

Summer Reading

For soon-to-be Level 6 Students

1. MAIN REQUIRED PART

Choose *three* books from the list on the back on this sheet. You may read more, of course, but you must read two. Be sure to jot down the main points, the setting, and the characters. You will need to remember these items in order to complete a project we do this fall.

2. Not required...but good to do.

Keep a list of every book you read this summer – be sure to write the title and the author correctly. You may use the AR list, but there may be some “kick-back-just-for-fun” books you also read. Try keeping a chart.

Remember that actually reading the book and saying you read it are not the same thing. If you want, jot down main points so you can remember the plot, characters, etc. Keep your list – we will compare notes in the fall.

Try your hand at reading some classy magazines: *National Geographic*, *National Geographic World*, *American Girl*, *Boy's Life*, *Youth Newsweek*, *Youth Sports Illustrated*, *Cobblestone*, *Faces*, etc.
