

Dear Parents,

Each year St. Nicholas School offers parents the chance to honor their child’s birthday by making a gift to the Burrows Library at St. Nicholas.

A book or audio-visual is selected based on the needs of the school and collection development. Simply complete the form below, and return it to the office with other registration materials. A book or DVD for the library is purchased in your child’s name. A bookplate is affixed to the book or audio-visual so your child can see how you have honored him/her.

Thank you for considering this means of honoring your child and helping our library grow.

If you wish to participate in the
Library Book Club for 2021-22

Complete this form and return it to the school office.
